

Says

What have we heard them say?
What can we imagine them saying?

Access to modern farming techniques is limited

Adapt to changing weather patterns.

Our yields are affected by pests and diseases.

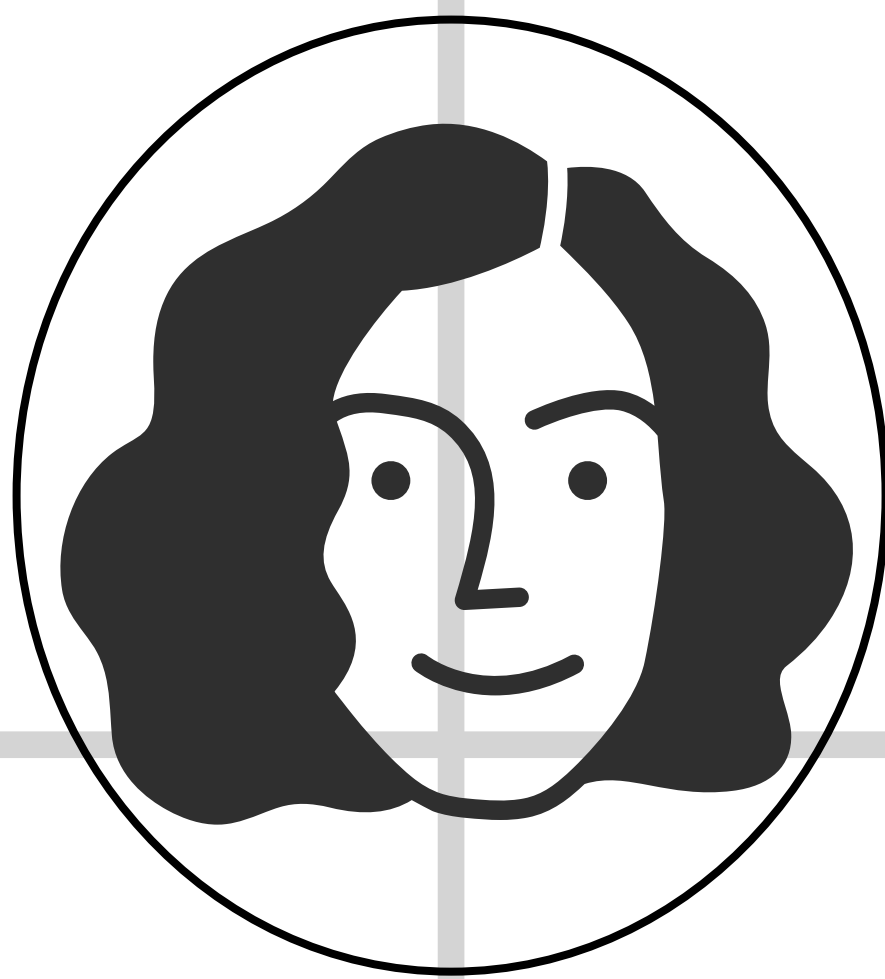

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

I hope the monsoon season is favourable this year.

Investing in better seeds might improve

I wonder if organic farming could be a solution.

We

Attends local agricultural work shops to learn about new techniques.

Relies on traditional knowledge passed down through generations.

Seeks advice from fellow farmers on pest control strategies.

Frustrated with outdated farming methods.

Anxious about the financial risks associated with crop failure.

Concerned about unpredictable weather affecting livelihoods.

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
